Ventilated Railroad Cars

At the invitation of Sheriff Rutan, of
Coburg, and S. Keeler, Esq., of the
Grand Trunk Railroad, we enjoyed the
pleasure of a ride on Saturday last as far
as Williamsburg, in a car ventilated on a
plan patented by Mr. Rutan.

All who have traveled on Railroads are
aware of the annoyance arising from dust.
They also know that a mouthful of fresh
air cannot be brought in, except by means
of opening windows, through
which smoke and dust occasionally enter
in quantities dense enough to fill the
passenger's eyes by S. Keeler's patent,
these annoyances are likely to have an end.

I may be difficult to explain the prin-
ciple of the patent as to make the read-
er comprehend it. At the end of the car
on the roof, what is termed a receiving-
box, and each end of the car is provided
with two pairs of self-acting valves—these
valves are placed so as to receive a current
of air from whatever direction the car
moves in the current opening one valve and
shutting the other—the valves having all
the appearance of small doors moved
on hinges. The air enters by the open
valves, and is forced down through a
course of fine holes along the bottom of the
car on each side. The air is thus carried
over a tank in which is placed about 200
gallons of water.

The air enters by the open valves, and is
forced down through a course of fine holes

GREAT CURE OF SCROFULA.—A person in

our employ was cured of Scrofula of a virulent character by a few bottles of Carter's Spanish Mixture, after everything else had failed. Other cures which have come under our own observation, prove to us conclusively, that it is really a valuable medicinal agent. We take great pleasure in calling the attention of the afflicted to its merits.—[Richmond Republican.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale is unrivaled by any similar preparations extant. The testimony in its favor given by the most prominent and well-known Physicians and the difficulty in all cases

of the country is immense, and a careful perusal of the Almanac, published annually by the proprietor, and to be had gratis of any of his Agents, cannot but satisfy the most sceptical that this remedy is really deserving the great celebrity it has obtained.

TESTIMONY FROM NEW YORK.
PRONOUNCED INCURABLE BY HIS PHYSICIANS—YET CURED BY THE
GERMAN BITTERS.
 CENTRAL BRIDGE, Schoharie co., N. Y., Feb. 12, 1855.—Dr. C. M. Jackson.—Dear Sir,—“A gentleman by the name of Larkin, living in this

place, who has been under the doctor's charge, and confined to the house for two years past with Liver Complaint, which last fall turned into Dropsy, and was pronounced beyond cure by the principal physicians of the place, and his friends expected him to die daily, is now, after taking five bottles of the German Bitters, out doing errands and attending his daily business. The Bitters are, consequently, in need of commendation.

Respectfully, JOHN G. CARRYL.

BAIRD & LOTHRIIDGE say:
IRVING, Chautauque co., N.Y. June 7, 1884.—
"A few days since we purchased a bottle of the
German Bitters, in Buffalo, for one of our custom-
ers, and it gave such good satisfaction, that he will
want a half dozen more. A number of his neigh-
bors also wish to get some; you would therefore

oblige us by sending a supply to our address."

J. D. SPRING says:
BROCKPORT, Monroe co., N.Y., Feb. 28, 1855.—
"Send me a fresh supply of Bitters immediately.
It gives the very best satisfaction. One gentleman
had been troubled with the Dyspepsia for a long
time, and spent the most of last summer at a noted
Water Cure establishment, but found no relief wha-

ever until he used the Bitters. He is entirely cured."¹

REV. T. F. FEISTER says:

NEW BROOKLYN, N.Y. Oct. 5. 1853.

Dr. C. M. Jackson.—Dear Sir,—“I request you to send me by the first opportunity three bottles of ‘Hoodland’s German Bitters,’ and I am pleased to state that the Bitters have cured different cases of my own, in accordance with your intention, when physicians had failed.”

Dr. SAM'L. R. CLARK says: OXFORD, Chenango Co., N.Y., Oct. 27, 1854.
"On receipt of this, please send me one gross of the German Bitters. I never saw anything in my life sell as these Bitters do. If the sale is any cri-

erion, they must be the 'great desideratum' in Liver Complaint, Dyspepsia, &c."

JOHN F. TRACY says:

BUFFALO, N.Y. June 15, 1853:

"About nine weeks ago, in the town of Geneva, Ohio, I purchased a bottle of your Bitters for Liver Complaint, that I had dreadfully had at that time, and with the Bitters I was handed a box of your Tar Ointment for a salve. I have all a fair trial,

and I must honestly confess that in twenty-four hours I received more relief than the united skill of all my former doctors in England, Ireland or America were able to accomplish for me."

These Bitters are entirely vegetable, possessing great advantage over every mineral preparation, as they never prostrate, but always strengthen the system.

Price 70c. per bottle. Sold by Druggists and Storekeepers in every town and village in the United States and Canada, and by C.G. Le Yeasants, Mt. Sawyer, and R. Holden & Co., Belleville.

CARTER'S SPANISH MIXTURES
THE GREAT PURIFIER OF THE BLOOD!
THIS IS THE LITERATURE KNOWN
NOT a pretence of cure.

An infallible remedy for Scrofula, King's Evil, Rheumatism, Obsolete Cutaneous Eruptions, Pimples or Vesicles on the Face, Itchiness, Bells, Aches and Fever, Chronic Skin Eruptions, Ringworm, or Tetter, Scald-head, Enlargement and pain of the Bones and Joints, Rheumatism, Stiffness of the Neck, Syphilitic Disorders, and all Diseases arising from an impudicous or mercurial Taint, Indolence in Life, or Impurity of the Blood.

This great remedy has become so rapidly and so justly celebrated for its extraordinary efficacy in relieving and curing many of the most obnoxious and dangerous diseases, which the human system is afflicted, is now offered to the public.

The confidence assurance that no MEDICAL DISCOVERY ever made has been so eminently successful cure for the most fatal and deadly PHASES OF THE BLOOD, as Carter's Spanish Mixture.

The proprietors are receiving by every mail flattering and astonishing details of cures made all parts of the country, and in most cases the very power of the best Physicians had been tried vainly.

The power over the BLOOD is truly remarkable, and all diseases arising from impurity of that great SEAT OF LIFE, have been relieved and cured without a single failure out of the thousand who have used it. Carter's Spanish Mixture contains Mercury, Sulfur, Arsenic, or any dangerous drug, but is composed of the most pure and refined of other ingredients of known virtue, and may be given to the youngest infant or most debilitated invalid, without the least possible hesitation.

We have only room for short extracts from voluminous testimonials, but we select a few from gentlemen from the highest respectability, known in their various localities. Please read them.

We take great pleasure in calling the attention of our readers to the merits of Carter's Spanish Mixture as a remedy for diseases of the blood. It is a powerful purifier, and has been used with the most successful results in all cases of blood poisoning, without other preparation. —Daily Dispatch, Va., says he can give the highest testimonials for the efficacy of the virtues of Carter's Spanish Mixture, FROM PERSONAL OBSERVATION OF ITS REMARKABLE POWER FOR THE DISEASES IN WHICH IT IS USED. —He has been cured of all his blood diseases, Liver disease by Carter's Spanish Mixture. He knows it to be all it professes. —[Ed. Southside Argus.]

We have found from personal trial, that Carter's Spanish Mixture is a truly valuable medicine. —Argus.

GREAT CURE OF SCROFULA.—A person

per employ was cured of Scrofula of a virulent character by a few bottles of Serravallo's Tonic, after everything else had failed. Other cases which have come under our own observation, prove conclusively, that it is really a valuable medicinal agent. We take great pleasure in calling attention of the afflicted to its merits.—(Rich. Republican.)

TESTIMONY FROM NEW YORK

[illegible]

J. D. SPRING says:
"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for my children and myself. It has given the very best satisfaction. One gentleman has been troubled with the Dyspepsia for a long time, and has tried all the remedies, but has not been able to get any relief. He has used Chamberlain's Water Cure establishment, but found no relief, and now, after using the Bitters, he is entirely cured."
REV. T. P. FEISTER says:
"NEW BROOKLYN, N.Y., Oct. 5, 1883.
"Dear Dr. J. C. Jackson:—I have the honor to inform you to send me by the first opportunity these bottles of 'Hood's German Bitters,' and I will be glad to send you a testimonial of the efficacy and popularity of my acquaintance, when physicians help was without effect, especially in Hemorrhoidal cases, (bleeding piles), the effect and cure were sure and permanent."
DR. SAM'L R. CLARK says:

"I received this Bitter, N.Y., Oct. 9, 1852," says the German Bitter. "I never saw anything in life sell as these Bitters do. If the sale is any other than a success, I shall be glad to see the Liver Complaint, Dyspepsia, &c."

JOHN P. TRACY says:

"On the 15th of N.Y., June 12, 1852," says the Ohio, "I purchased a bottle of your Bitters for a trial, and had dreadfully bad liver troubles, and with the Bitter, I was cured of my Liver Trouble. For a confiant, I gave all a fair trial, and most honestly confess that in twenty-four hours I was cured of my liver troubles, and all my former docters in England, Ireland or America were able to accomplish for me."

"The Bitters," says the German Bitter, "possess a great advantage over every medicinal preparation, they never prostrate, but always strengthen the system."

Price 75c. per bottle. Sold by Druggists and Storekeepers in every town and village in the United States.

Arrival of the "Asia"

New York, Sept. 16. The steamship *Asia*, from 7 o'clock this morning, bringing 150 passengers and 600 tons of cargo. The ship is almost wholly devoid of interest.

The Royal British Bank of London has failed.

The American ships *Ocean Home* and *Cherish* came in collision off Lizard on the 5th inst. The *Ocean Home* sank in 20 minutes after the collision. 75 lives were lost.

The *Ocean Home* was from Rotterdam bound to New York with emigrants.

The Captain with 20 of the passengers and crew had landed at Plymouth. The *Cherish* was not slightly damaged.

The *London Times* says, that though the harvest has been abundant, there is no prospect of progress receding to a point injurious to agricultural interests.

From the continent the harvest reports are still most favorable.

The Spanish Cortes had been dissolved by a Royal decree, which was well received by the people.

Madrid newspapers had been seized by the Government.

Ministers had been appointed to Chili, Costa Rica, and Ecuador; but General Gomez did not appoint a new Minister at Washington.

Italian affairs still unsettled.

Relations were resumed with Russia on the 25th inst.

Latest commercial intelligence.

Liverpool, Saturday, 1st inst. — Weather still fine. Grain market, no transactions reported. Provisions generally unchanged. Lard 10s 6d, tallow 10s 6d.

Consols closed Friday at 94 1/2, at 94 1/2 to 95 for money. American Stocks are unchanged in value and demand.

Bullion in the Bank of England has increased during the week to the extent of £480,000 sterling. Baring & Co. report Breadstuffs considerably lower.

Wheat, 68s 6d to 70s 6d; corn, 34s 6d to 36s 6d; American flour, 30s to 34s per barrel.

Sept. 5. Breadstuffs — Under the influence of continued fine weather, the price of all kinds of Breadstuffs has considerably declined, as compared with the rates current at the sailing of the *Cambrin*, on the 30th ult.

There was considerable difference in quotations, but all set down this decline on lower grades of wheat at 6d per 70 lb, and on the finer qualities about 3d below market rates.

Of wheat the decline is variously stated at from 1s to 2s per barrel, with a fair business. The demand for Indian corn has subsided, and there has been but slight activity.

Richardson, Spence & Co. report the following prices: — Philadelphia and Baltimore 32s; New York 32s; old red wheat 9s 6d to 9s 9d; white 9s 6d to 10s; new red 9s 6d to 9s 9d; white 9s 6d. These prices, however, are mostly nominal.

IMPORTANT FROM KANSAS.

THE STATE PRISONERS ADMITTED TO BAIL.

(JUDICIAL DEPARTMENT AT LAWYER'S OFFICE.)

Sept. 16. After a contest of two days, the State prisoners have been admitted to bail by Judge Lacombe. The prisoners are: —

It is not believed they will ever be tried.

Gov. Geary is in Leavenworth, and will be there to-morrow. He was injured by his arrival. He promises to drive every man from Kansas who is not a true, actual resident, and says he will call to bail all those who are not.

He has a number of volunteers from the North, in excess.

We have had a jubilee of rejoicing. Public speaking has been going on for three hours.

Cut. Whipple's regiment captured a party of thieves at Oakes, yesterday, and took eight horses. The party was complete to-morrow on Mount Oread, that will accommodate one thousand men.

TO THE ASSOCIATED PRESS.

St. Louis, Sept. 16, 1856.

Advises from Kansas that the State prisoners were released on bail.

Gov. Geary has issued a proclamation commanding all armed bands to disperse. Emory's *Review* says that the State prisoners were released on bail.
